

Feature list proposal

Group02 - Events United

Lukas Olivier, Niels Soete, Jara Puype, Sam Roovers & Ali Mola

As an organiser I want to:

- **Create events** to display on the application, so other Martians are informed on the upcoming events.
- **See how many Martians are interested in an event**, to make the necessary preparations according to the size of the event.
- **See how many Martians bought a ticket for an event on a chart**, to make the necessary preparations according to the size of the event.
- **See the distribution of Martian interests on a chart**, so we can create an event based on that.
- **Sell tickets**, so that we have a source of income.

Create events to display on the application, so other Martians are informed on the upcoming events.

STORE

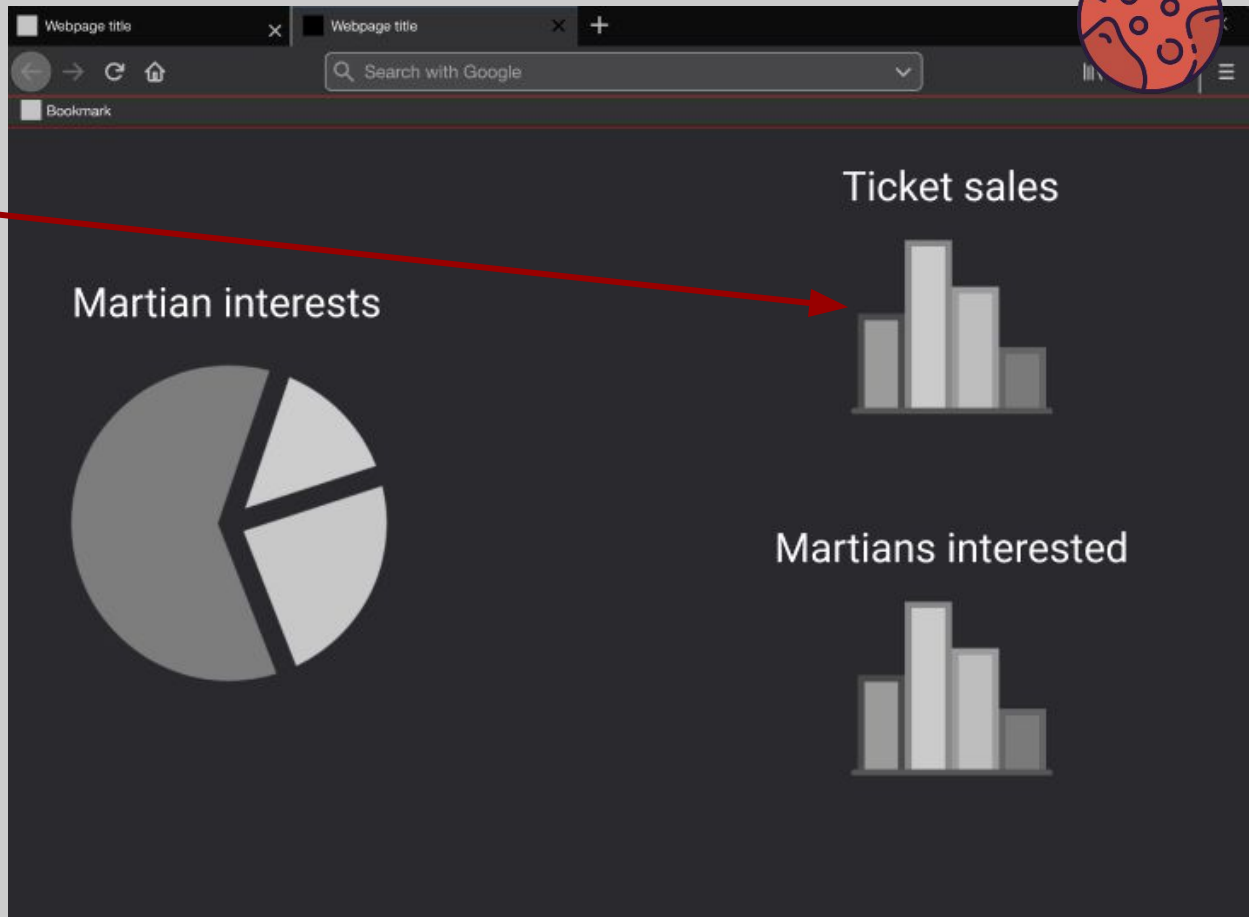

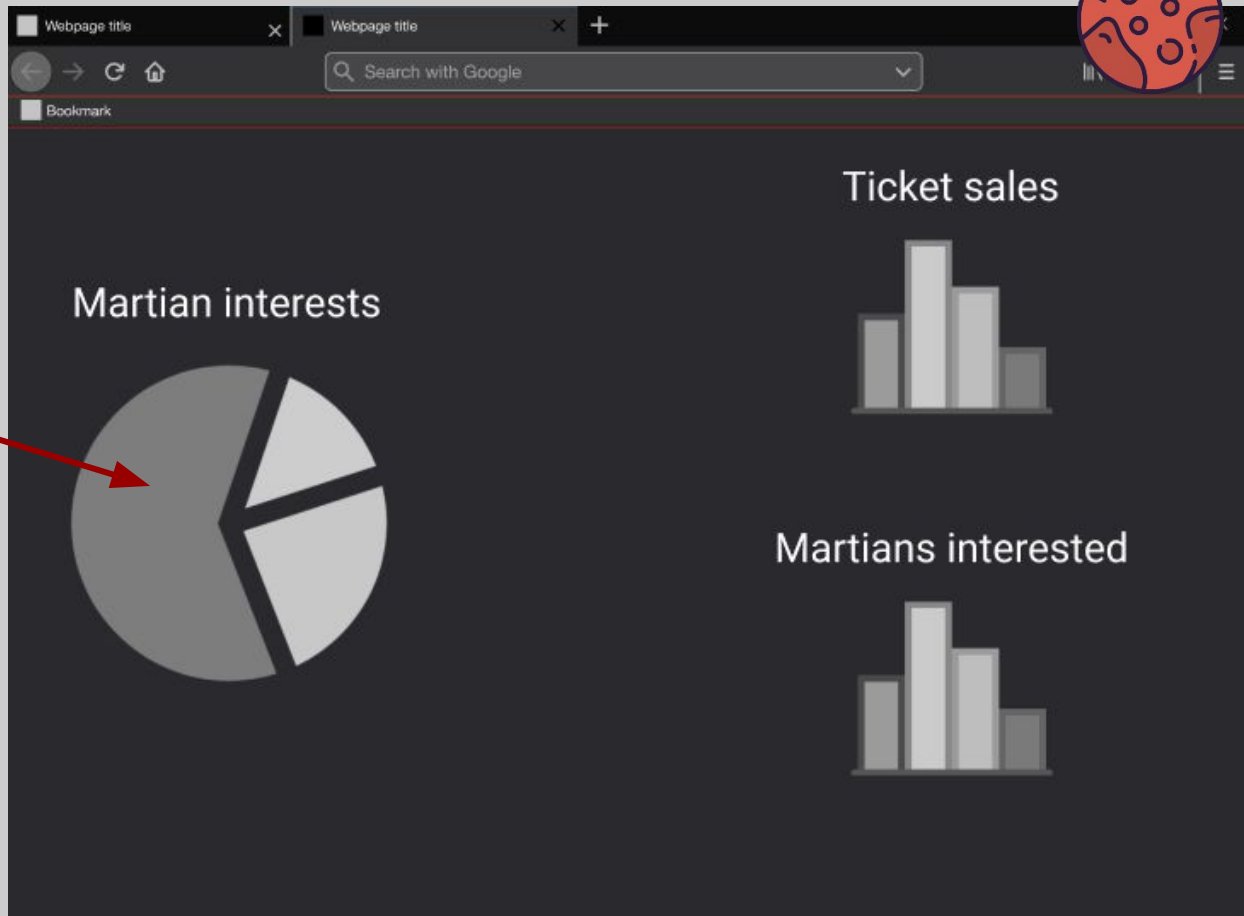

See how many Martians are interested in an event,
to make the necessary
preparations according to the
size of the event.

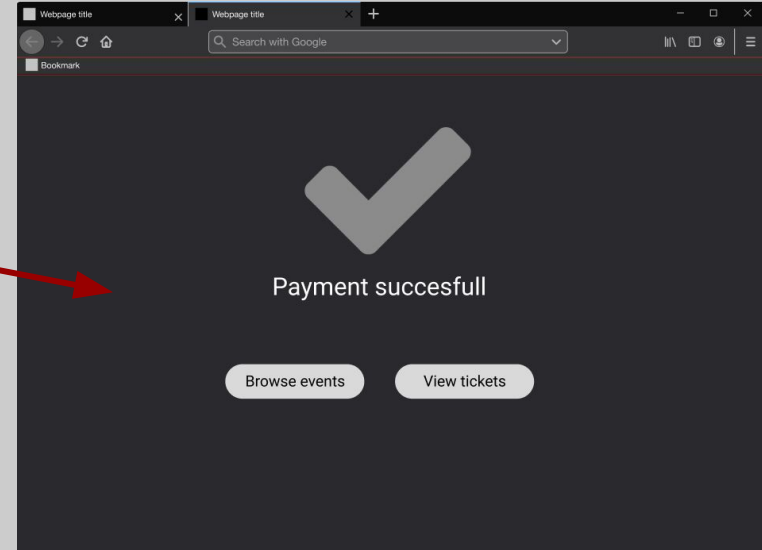

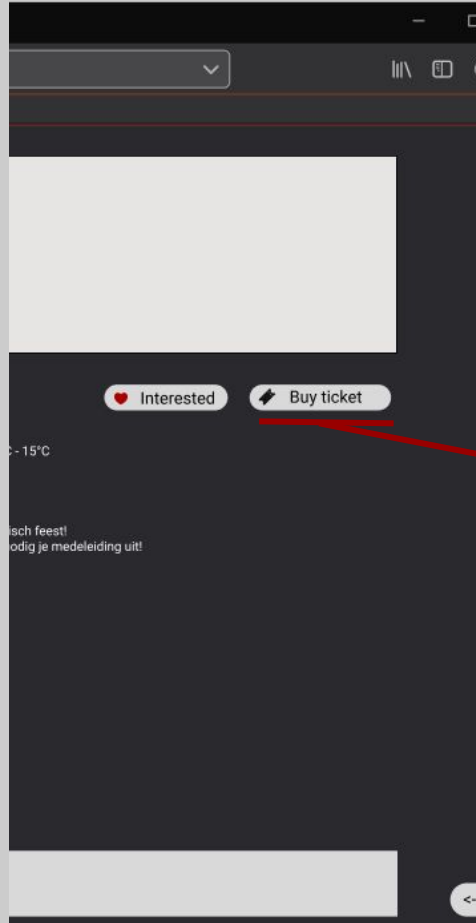

See how many Martians bought a ticket for an event, to make the necessary preparations according to the size of the event.

See the distribution of
Martian **interests** on a **chart**.

Sell tickets, so that we
have a source of income.

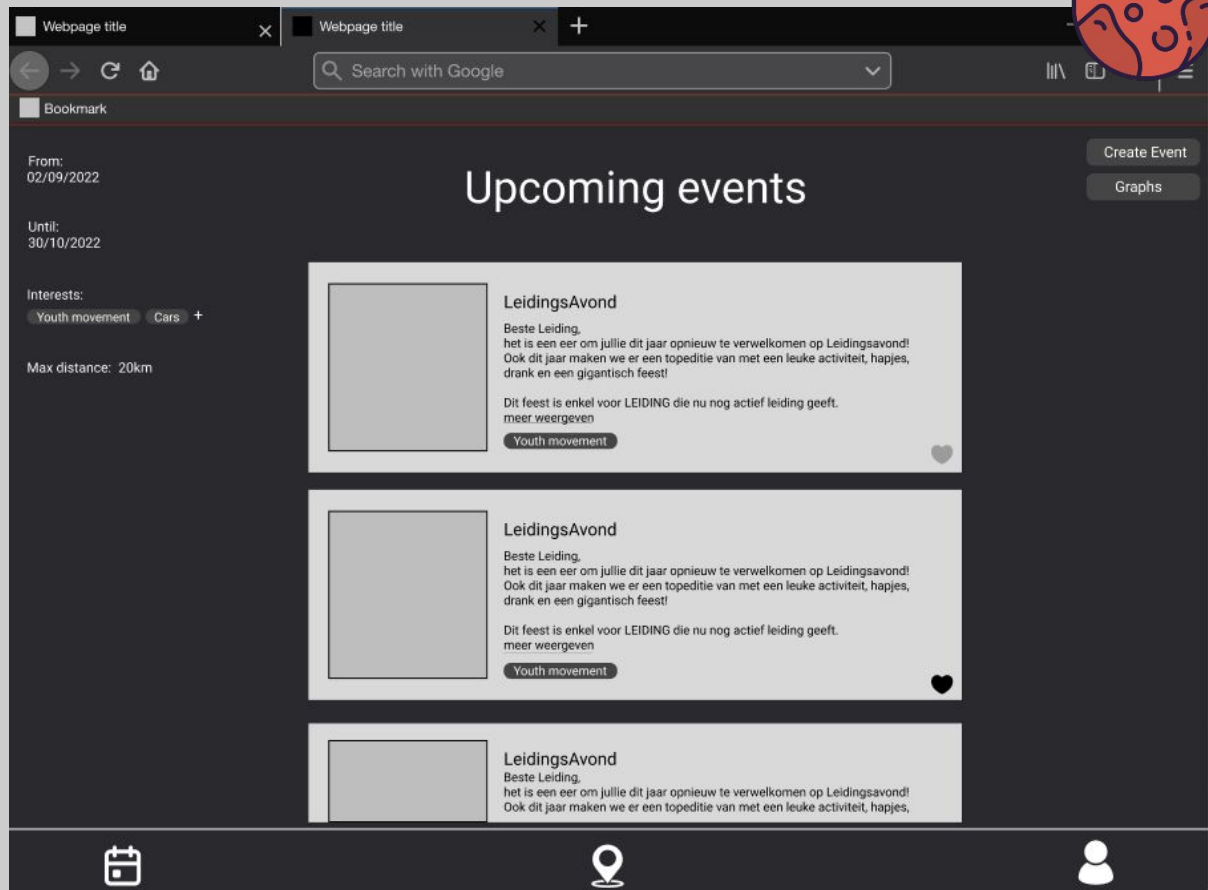

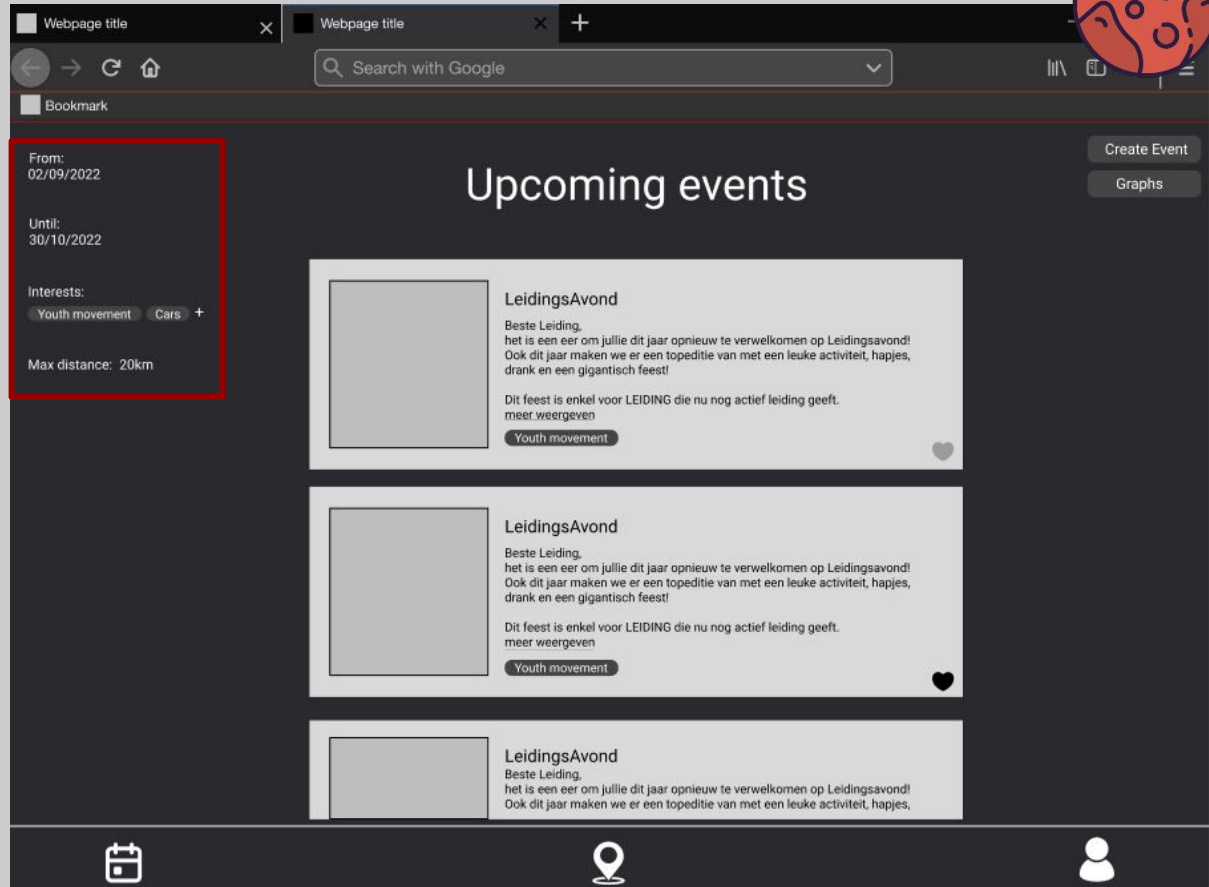

As an user I want to:

- **See all upcoming events** and their info, because I want to be up to date.
- **Filter events on interests, location...**, so that I can quickly see the most suited events for me.
- **Put myself as “interested” on an event page**, so that I receive more notifications about that event to keep me up to date.
- **Buy a ticket online** for events I'm interested in, so that I won't have to wait in a queue.
- **Buy a ticket at the event itself**, in case I forgot to buy a ticket or decided last-minute.
- **Filter Martians** on the map **based on personal information** (ex. age, interests,...). This way I only see people who I'm most interested in.
- **Inspect other Martians** their account, so that I can learn more about that martian.
- **Adjust my personal information**, so that I can provide the right information for other martians.
- See **how many people are attending the event** already, so that I know if it will be crowded or not.
- See **images** of the event in **fullscreen**, so that I know what to expect.
- **Get notifications** about events & friend requests, so that I stay up to date.

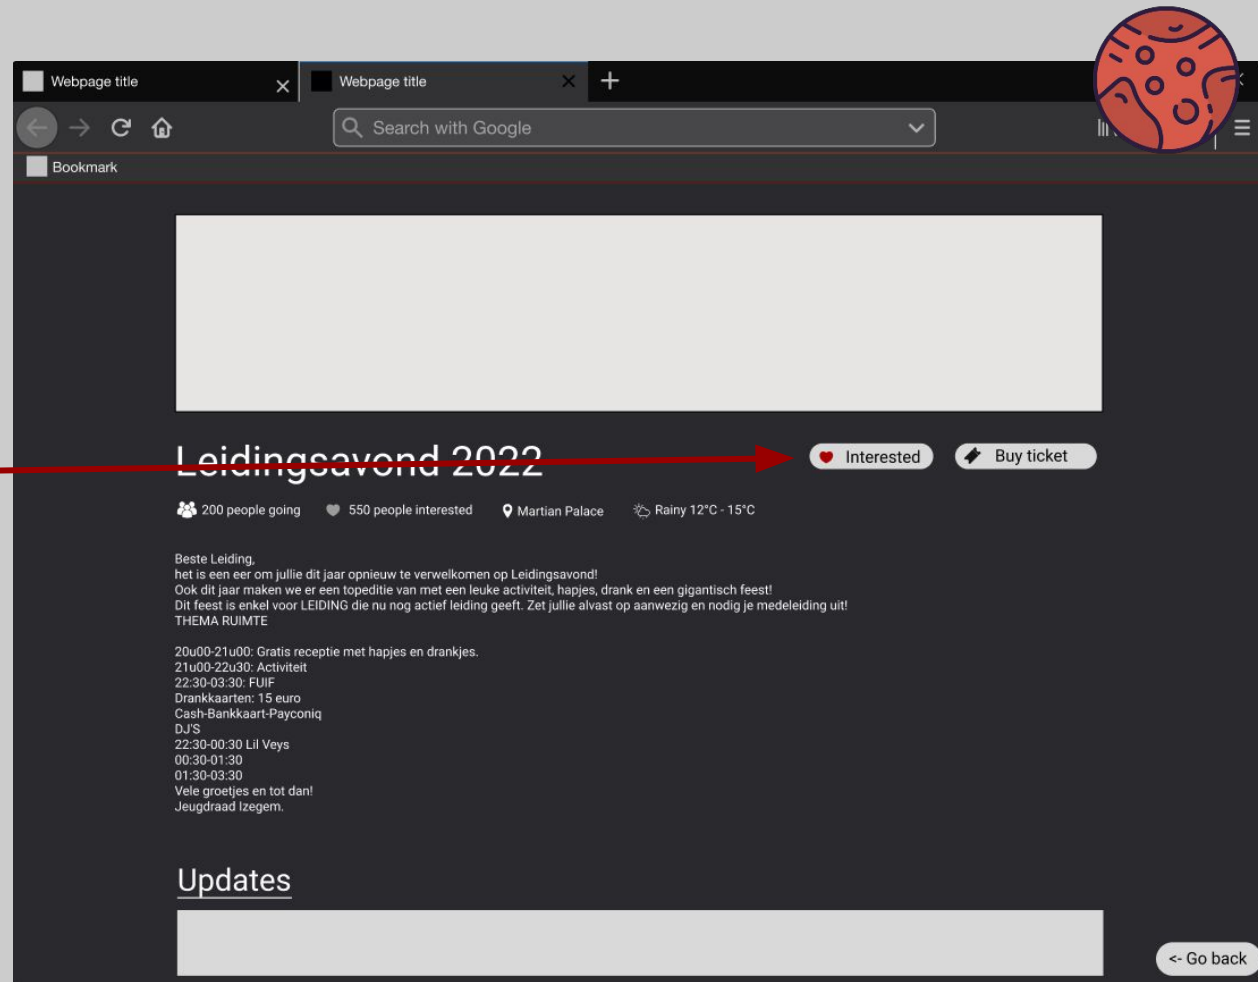

See all upcoming events
and their info, because I want
to be up to date.

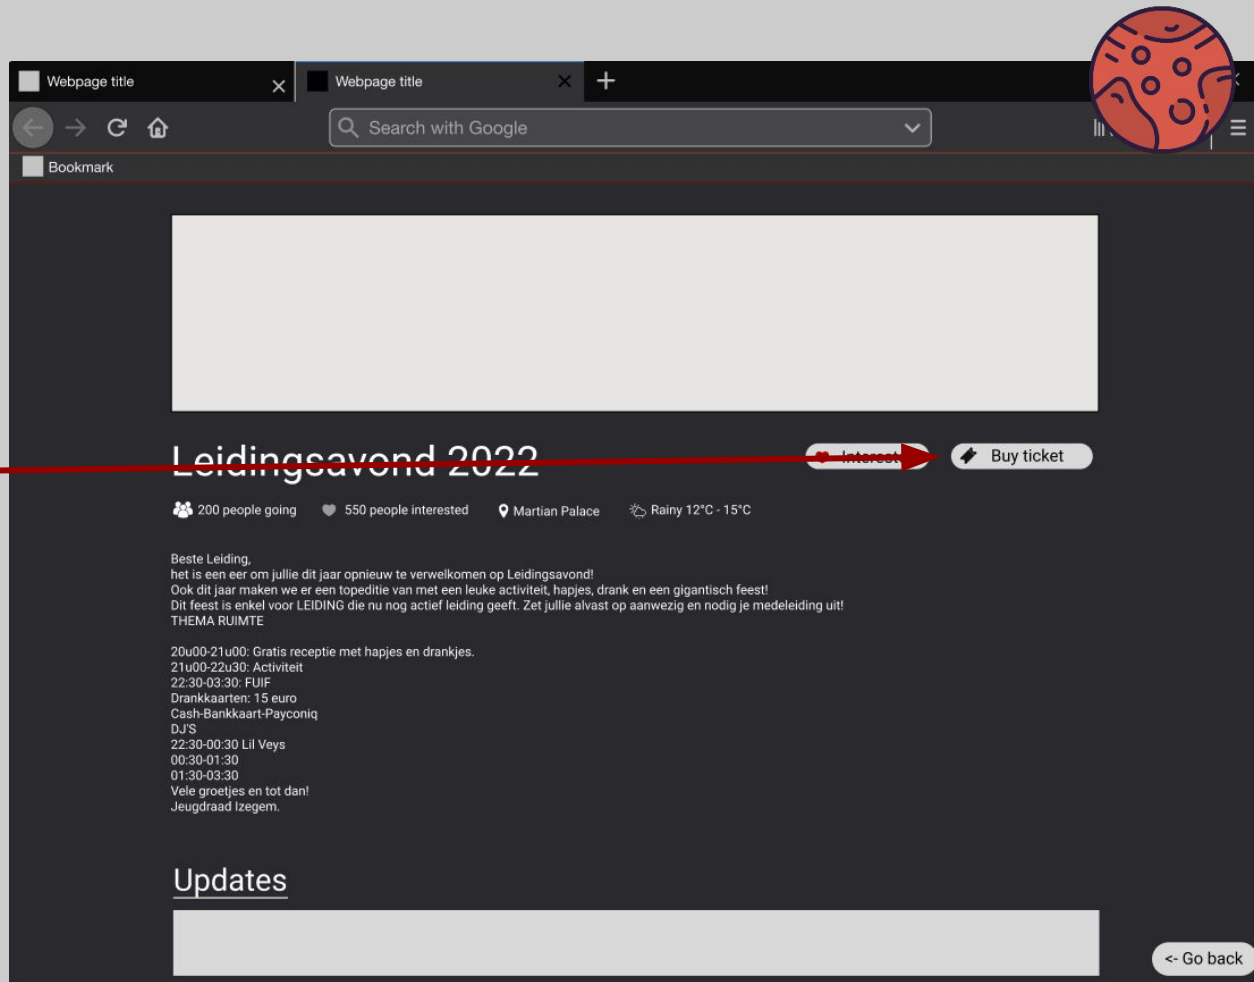

**Filter events on interests,
location...**, so that I can
quickly see the most suited
events for me.

Put myself as “interested”
on an event page, so that I
receive more notifications
about that event to keep me
up to date.

Buy a ticket online for events I'm interested in, so that I won't have to wait in a queue.

The screenshot shows a web browser with two tabs, both titled 'Webpage title'. The address bar contains 'Search with Google'. Below the browser window, a large white rectangular area is visible. The main content area has a dark background. The event title 'Leidingsavond 2022' is prominently displayed in white. To the right of the title is a red button with a white heart icon and the text 'Interested', and further right is a grey button with a white lightning bolt icon and the text 'Buy ticket'. Below the title, there are statistics: '200 people going' (with a group of people icon), '550 people interested' (with a heart icon), 'Martian Palace' (with a location pin icon), and 'Rainy 12°C - 15°C' (with a cloud and rain icon). The event description follows: 'Beste Leiding, het is een eer om jullie dit jaar opnieuw te verwelkomen op Leidingsavond! Ook dit jaar maken we er een topeditie van met een leuke activiteit, hapjes, drank en een gigantisch feest! Dit feest is enkel voor LEIDING die nu nog actief leiding geeft. Zet jullie alvast op aanwezig en nodig je medeleiding uit! THEMA RUIMTE'. A list of activities and times is provided: '20u00-21u00: Gratis receptie met hapjes en drankjes.', '21u00-22u30: Activiteit', '22:30-03:30: FIJF', 'Drankkaarten: 15 euro', 'Cash-Bankkaart-Payconiq', 'DJS', '22:30-00:30 Lil Veys', '00:30-01:30', '01:30-03:30', 'Vele groetjes en tot dan!', and 'Jeugdraad Izegem.'. Below the description is a section titled 'Updates' with a white rectangular area underneath. In the bottom right corner, there is a grey button with the text '< Go back'. A red arrow points from the text 'Buy a ticket online' to the 'Interested' button.

Updates

< Go back

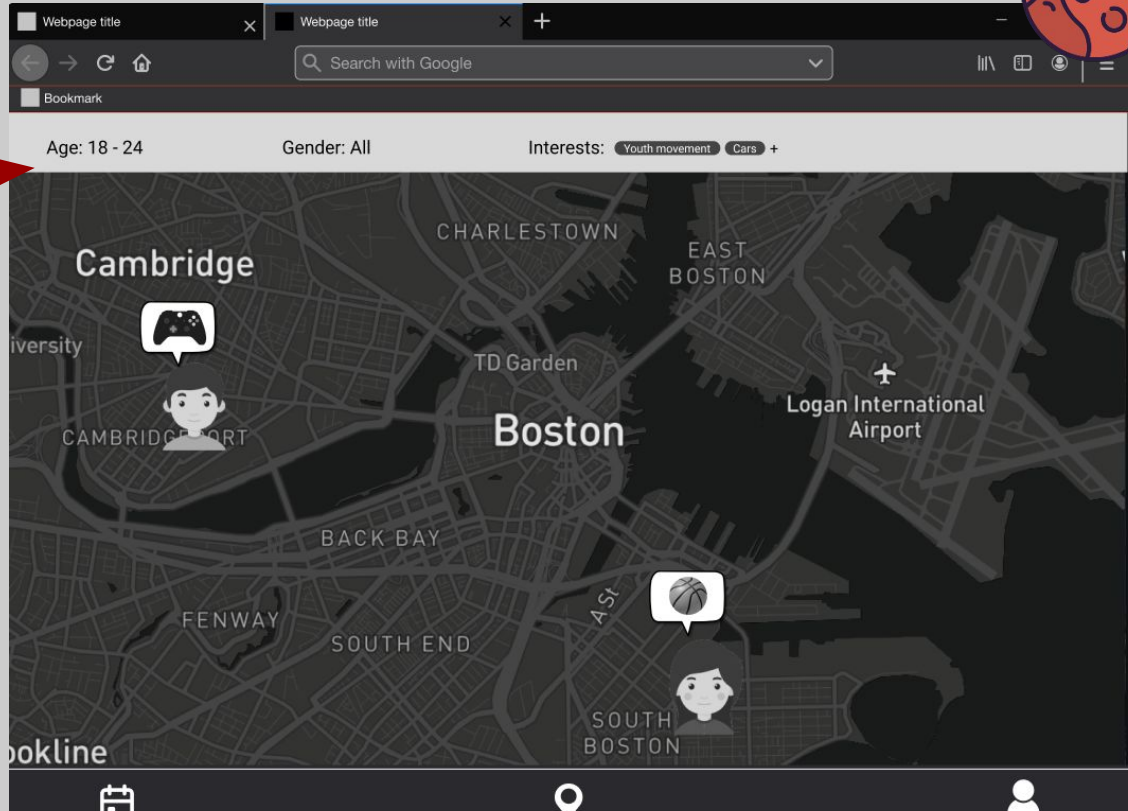

**Buy a ticket at the event
itself**, in case I forgot to buy
a ticket or decided
last-minute.

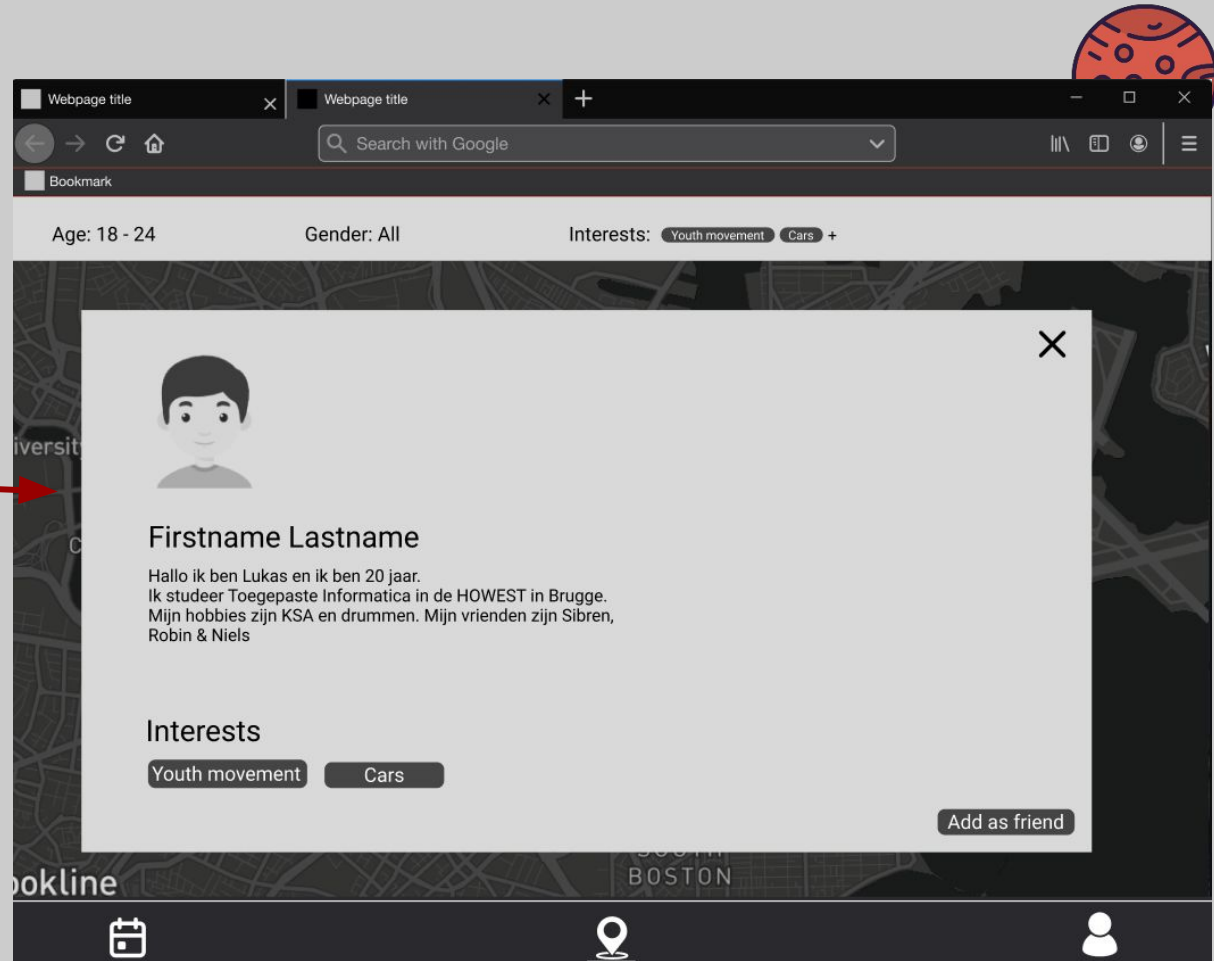

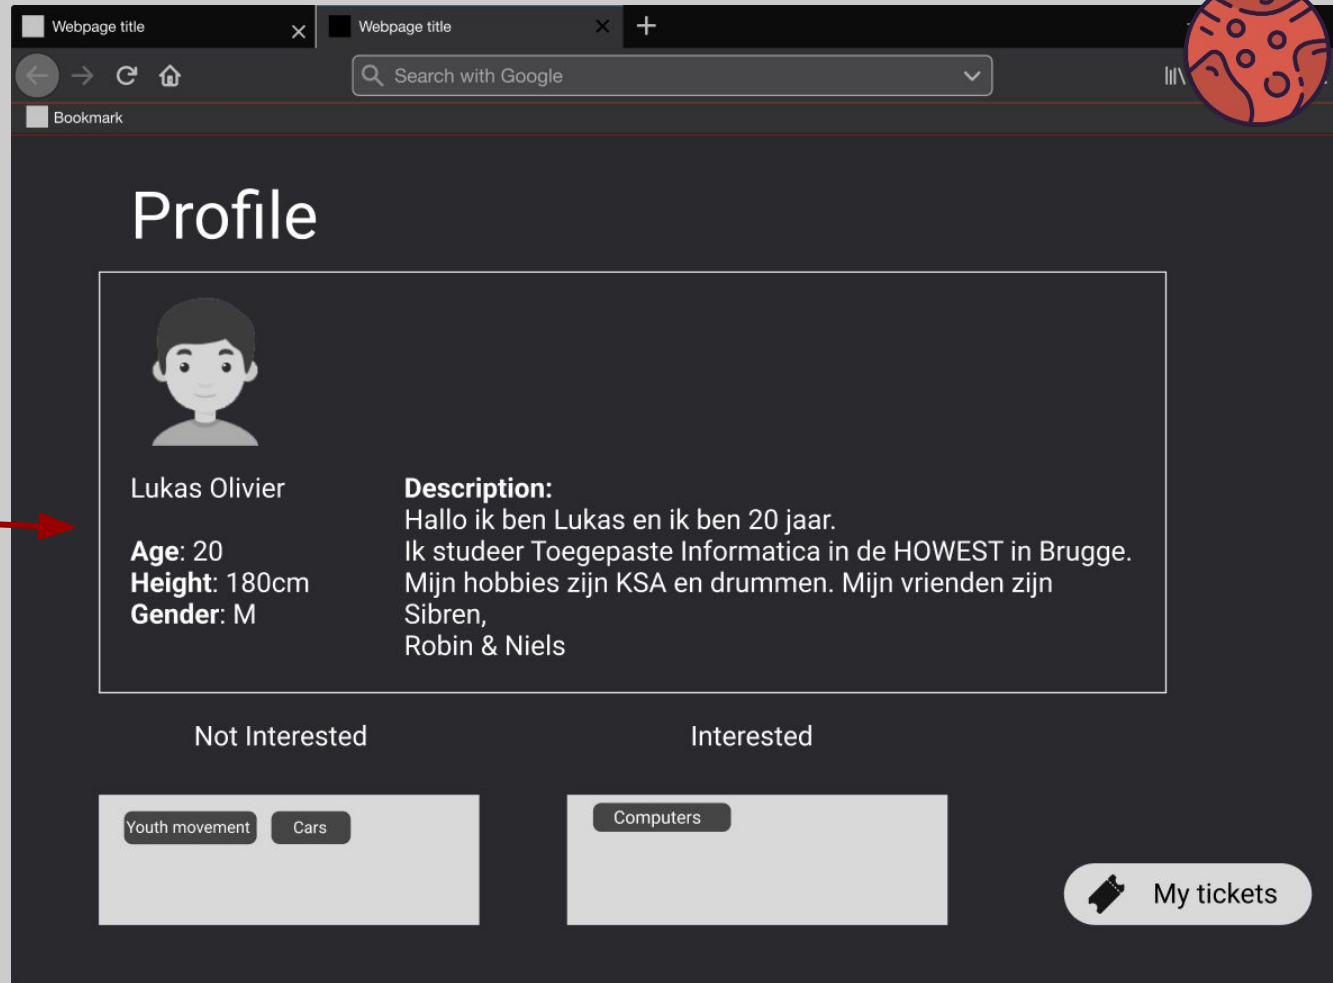

Filter Martians on the map based on **personal information** (ex. age, interests,...). This way I only see people who I'm most interested in.

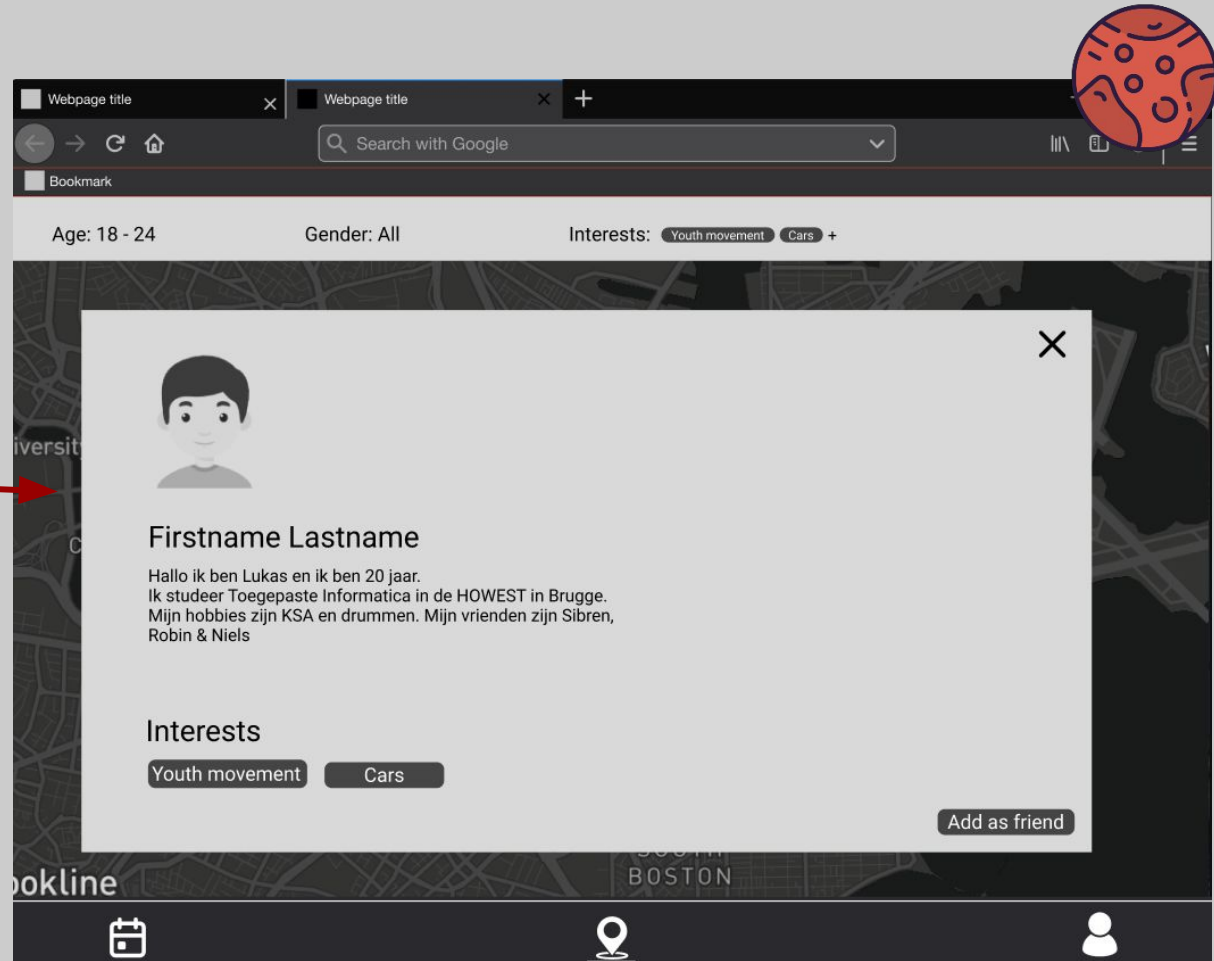

Inspect other Martians their account, so that I can learn more about that martian.

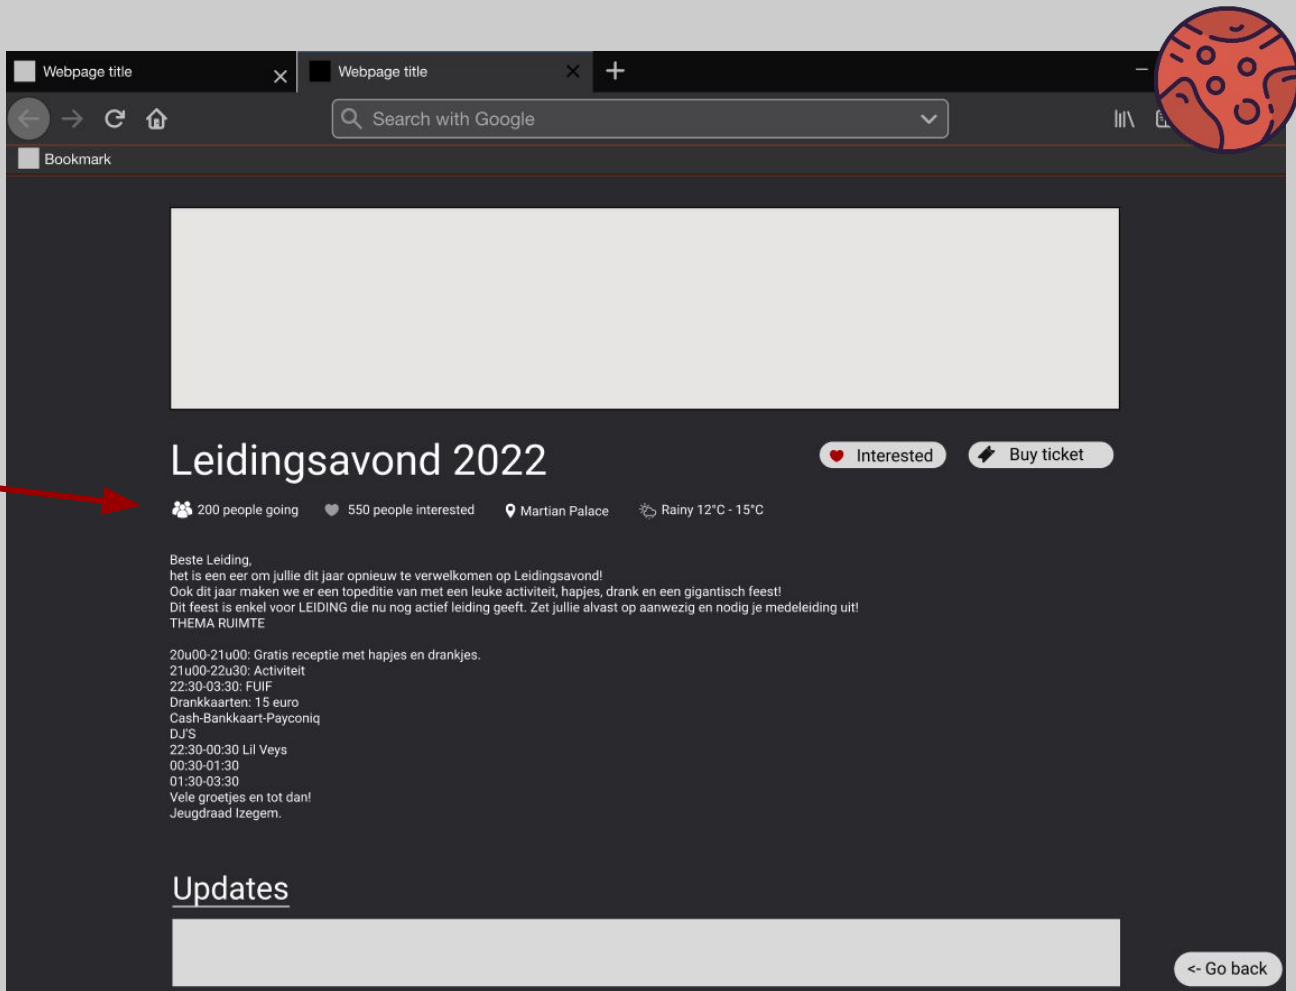

Adjust my personal information, so that I can provide the right information for other Martians.

**Inspect other
martians** their account,
so that I can learn more
about that Martian.

See **how many Martians are attending the event** already, so that I know if it will be crowded or not.
